Student's Feedback on Curriculum Analysis 2020-2021

Student's Feedback:

We solicited feedback from our undergraduate students. A special four-point scale on the curriculum is designed in this feedback form. Students felt that each course's objectives were clear, and that the course workload was manageable. The curriculum designed was socially relevant and appropriate for placements. Even the curriculum assists them in becoming responsible citizens.

A1. The depth of coverage of the subject was adequate?

As the feedback given by student session 2020-21, it can be concluded that the depth of the subject is adequate. While there may be areas for further enhancement, such as ensuring uniform depth across all topics, the overall coverage meets the requirements for a comprehensive understanding of the subject matter.

Observations:

- **Excellent:** 45% of the students reported that the depth of coverage of subject
- **Very good:** 41% of the students stated that the offered subject coverage.
- **Good:** 12% of the student given the feedback.
- **Average:** 2% students given the average feedback for the subject coverage was depth.

Email: sityogengg@yahoo.com, sityog@gmail.com Website: <https://www.sityog.edu.in/>

A2. Does the teacher have mastery over the course content?

Based on the findings of this assessment, it is evident that the teacher possesses a high level of mastery over the course content. Their depth of knowledge, clarity of explanation, responsiveness to student queries, adaptability and collectively contribute to an enriching learning experience for students.

Observations:

- **Excellent:** 56% of the students reported that the depth of coverage of subject.
- **Very good:** 39% of the students stated that the offered subject coverage.
- **Good:** 3% of the student given the feedback
- **Average:** 2% students given the average feedback for the subject coverage was depth.

A3. The teacher`s overall organization and presentation of the subject was very clear?

According to data, it can be concluded that the teacher's overall organization and presentation of the subject are very clear. The teacher effectively structures course content, utilizes visual aids to enhance clarity, engages students through interactive techniques, provides clear explanations, and maintains consistency and coherence in instructional delivery. These factors contribute to an enriching learning environment that fosters student understanding and engagement.

B1. The teacher began classes in time.

The punctuality of the teacher in commencing classes on time. Punctuality is a fundamental aspect of effective teaching, as it demonstrates professionalism, respects students' time, and maximizes instructional time for learning. And most of the teacher began classes in time as we data received given by students.

Observations:

- **Excellent:** 62% of the students reported that the depth of coverage of subject
- **Very good:** 35% of the students stated that the offered subject coverage
- **Good:** 3% of the student given the feedback.
- **Average:** 0% students given the average feedback for the subject coverage was depth.

B2. The teacher used the class hour effectively.

It is evident that the teacher effectively utilizes class hour effectively to create engaging and productive learning experiences for students. Their use of varied instructional strategies, efficient transitions, balanced coverage of content, individualized support, and opportunities for reflection contribute to an environment conducive to student learning and success

B9. The teacher attitude towards the students was friendly and helpful.

This report evaluates the teacher's attitude towards students, focusing on friendliness and helpfulness. A positive and supportive attitude is essential for fostering a conducive learning environment, promoting student engagement, and facilitating academic success.

Observations:

- **Excellent:** 43% of the students reported that the depth of coverage of subject
- **Very good:** 54% of the students stated that the offered subject coverage
- **Good:** 2% of the student given the feedback
- **Average:** 1% students given the average feedback for the subject coverage was depth.

B10. The questions of the examination were explained after exam.

Based on the findings data, it can be concluded that post-examination question explanations are valuable and effective in enhancing student understanding and learning outcomes. The thoroughness of explanations, identification of mistakes, clarification of concepts, feedback and engagement, and positive impact on learning outcomes collectively demonstrate the significance of this practice in promoting student success.
